

# HULK 4WD Brake Upgrades

Now available, HULK 4x4 brake upgrades for LandCruiser, HiLux, Ranger, BT50 and Triton.

These kits offer affordable upgrades over the standard braking system.

Available for both front and rear (including some drum brake systems) they are a straight bolt on and fully ADR compliant.

**Each disc kit consists of a pair of slotted rotors, high quality Akebono or Kevlar ceramic brake pads, and braided brake hoses.**

**Drum kits comprise brake drums, Kevlar ceramic brake shoes and braided hoses.**

**The HULK 4x4 upgrade brake kit range has applications for:**
