

SPECIALIST TRAINING EVENT 2022

INTRODUCTION

B12Hr – Training 13th - 15th May 2022 at Bathurst TAFE and Mt Panorama Circuit, Bathurst.

The Bathurst 12 Hour event will return in 2022 across May 13th - 15th at Mount Panorama, Bathurst, NSW.

The once-around-the-clock race is generally acknowledged and recognised around the world as one of the most significant races for GT vehicles on the calendar. The 2020 event was one of the final international events held in Australia prior to the onset of the COVID-19 pandemic.

Famous British brand Bentley took the biggest win in its GT racing history in the 2020 edition.

Millions watched the 2020 race unfold on the Seven Network and Fox Sports around Australia, with millions more tuning in via the event's international stream.

At this year's 2022 B12Hr, CoolDrive Auto Parts will hold a training event for Technicians and Owners alike, to hone their skills or learn new vehicle system technology from leading industry trainers and experienced technicians.

The 2020 Event was a huge success and thoroughly enjoyed by all who attended, so the same format will be followed for the 2022 event, but with new training courses to learn new skills and refresh old ones.

Trainers for this event are:

Clint Flower – Ex-Automate and Current NSW TAFE Automotive Trade Teacher.

Ken Fendle - Current Head Auto Electrical trainer WesTrac CATAPILLAR Australia.

Mick Jurgens – Service Manager at Lenock Hyundai

Matt Douglass – Category Manager Tools and Equipment

Bosch Trainer - TBC

SPECIALIST TRAINING EVENT

Training courses are:

- DPF Diagnostics
- CAN BUS Diagnostics
- Modern EV servicing
- AC Diagnostics
- Engine Management Sensor Diagnostic Training
- EV Accessory fitment
- Diagnosing Smart Charging Systems

The Training courses will be held at Bathurst TAFE all day on the Friday and Saturday morning at the Pit Garages Corporate suites.

We will start the day with BBQ Bacon & Egg Rolls before commencing the training at 8:30am sharp.

After the first session we will have a short break for morning tea and then start the second session of the day, which will lead us up to Lunch time. The afternoon sessions will be split by a short break before finishing up the day at around 4:30pm to be out by 5pm prompt.

On the Saturday we will move to the Pit Garage Corporate Suite and start the day with a hearty breakfast in the comfort and glamour of the pit Garage suite.

At 9am we will start the Saturday morning training session, discussing new technologies and how we need to prepare for what we, as technicians, will potentially see in our workshops in the not too distant future.

Finishing around early afternoon on the Saturday, the rest of the day will be yours to enjoy the food, wine, Beer or Champagne. Wander the Paddock and watch the Race Mechanics hard at work. Mix with fellow business owners and technicians. Enjoy the support racing and practice sessions from Home & International GT teams.

Sign up for the podium tour, well worth it, and for the lucky ones a ride around the Mount Panorama circuit at high speed in a course car.

The Sunday will be an early start to the day, if you want to participate in the grid walk prior to the race.

Rub shoulders with prominent national and international racing drivers before making your way back to the Pit Garage suite to watch the rolling start just prior to sunrise.

With the awesome noise, bright lights and smell of racing fuel not to mention the glowing red hot brakes, turbos and headers as the International GT series kicks off into race mode.

When Aston Martins, Bentley's, Ferraris, Porsche's, Lamborghini's, Ford Mustang's and the Beautiful Mercedes-AMG and all the other GT cars I have forgotten about hurtle past you, you know you will have a smile on your face for the next 12 hours.

You will be relaxed in the CoolDrive Auto Parts Pit Garage Suite, either viewing the race from the balcony or watching on one of the big TV screens located in the suite, all whilst enjoying beverages available to you.

This is an event you cannot miss!!!!

At the 2020 event several workshops closed up the shop for the Friday and made a weekend of it for all staff, enjoying technical training, racing and networking.

CORPORATE EXPERIENCES

Experience the event in style with access to the Pit Garage Corporate Suite with balcony which offers exceptional views of the main straight and hell corner.
